

Programme 3

The second round tables have been cleared and the eight contestants face a host of Spanish recipes, meals and challenges.

An early start for Ronda and Cortijo Salinas, a home from home for some of the contestants, and a feast of food and dance awaits them!

A chance for the eight to taste what is in store: local *jamon* from Leocadio Corbacho Bocanegra (www.lacasadeli-jamon.es) and sherry from Bodega Sergio Flores (www.bodegaslasangrederonda.es).

Of course, no Spanish night is complete without some flamenco dancing and the contestants are joined by the Arte Cordobese dancers. But Dudley soon brings the party to a close with the first challenge, preparing Albondigas, Spanish meat balls. A challenge for eight, but only seven will succeed as Gethin's journey comes to an end.
